## COMMUNITY IMPACT

### Tucson Saves Millions With Solar Project

Tucson Water recently powered a solar project that supplies power to the Central Avra Valley Storage and Recovery Project. This project was completed with no upfront costs to the city and will save the city over \$3.3 million over the next 20 years.

### Sun City West Church Offsets Whole Electric Bill Thanks to Solar

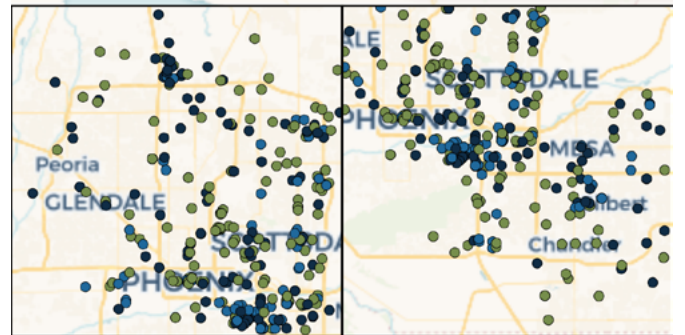

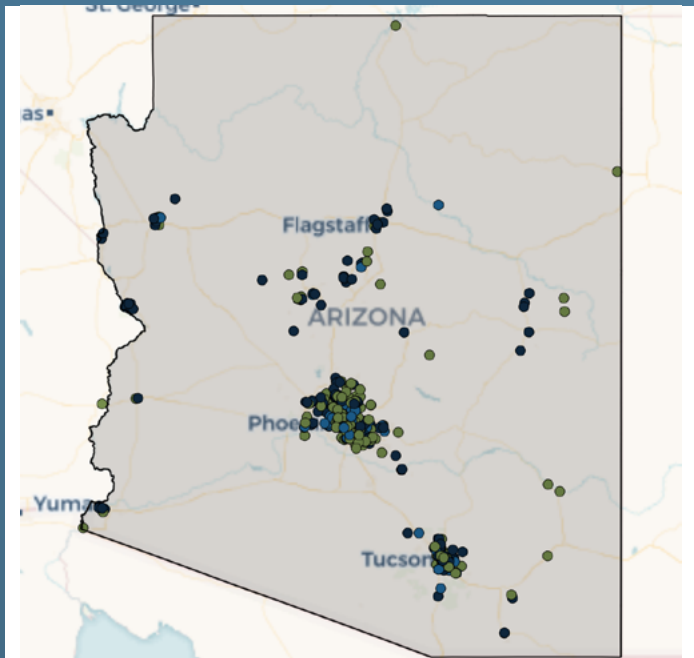

Desert Garden United Church of Christ added a 47 kilowatt rooftop solar array that will generate all of the energy needs of the church. This saves the church \$14,000 annually, allowing the church to deepen its impact on the community.
