## COMMUNITY IMPACT

### Boise Elementary School Saves Thousands With Solar

Whittier Elementary School recently added 340 rooftop solar panels made with primarily US manufactured products. This array will offset more than half of the electricity used by the school, saving more than \$14,000 annually to spend on education.

### Idaho Solar Project Powers Meta Data Center

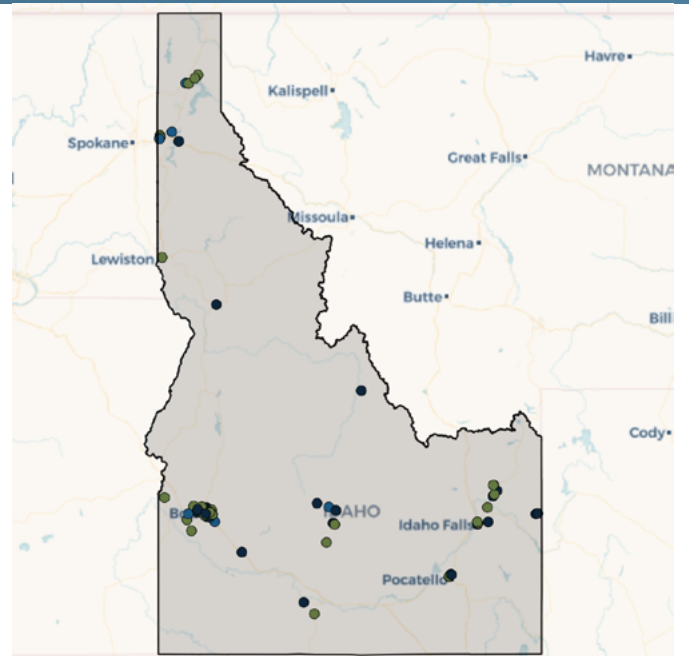

A new 261 MW solar project in Ada County signed an agreement to provide power to a Meta data center. The solar project also donated more than \$375,000 to scholarships for Boise State and the College of Western Idaho.
