COMMUNITY IMPACT

Farm Feed Manufacturer Lowers Costs Thanks to Solar

Grain and Protein Technologies built a solar project at each of its Paris and Taylorville locations. These two projects combine to be 3.1 MW and will provide low cost energy to the farm feed manufacturer.

Auto Manufacturer Drives Down Costs With Solar

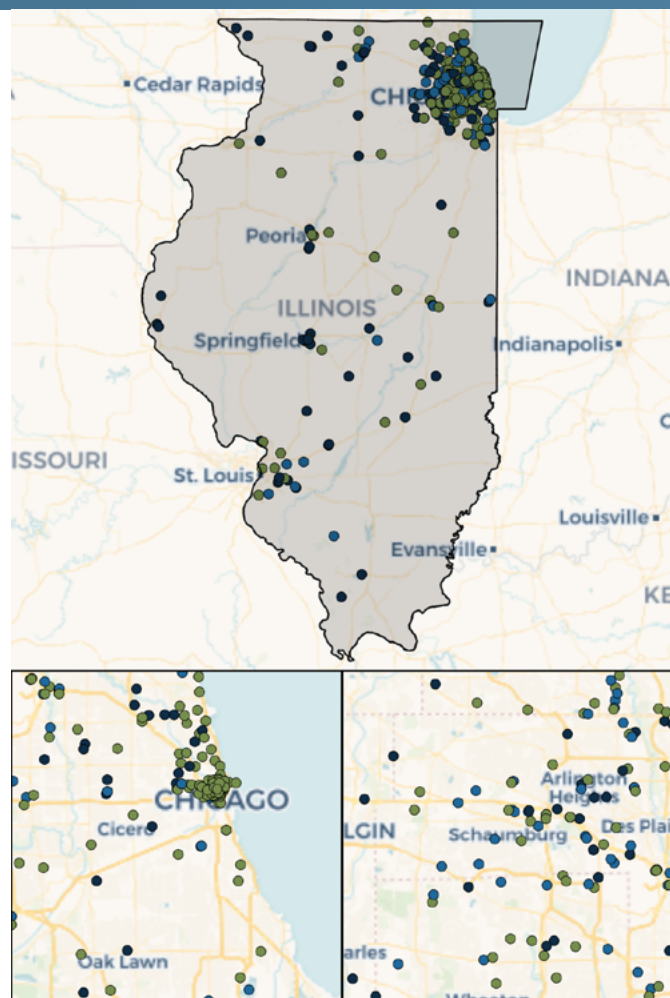

Toyota partnered with Onyx Renewables to install a 5.7 MW solar array next to its Lawrenceville manufacturing facility. This will provide 85 percent of the energy needs of the manufacturer, and lower operating costs for the company.
