- 1 table, linen and 2 chairs
- 2 lunches
- listing on event map and website

Job fair registration is free for job seekers. Attendees to the SPI Job Fair will include GRID Alternatives trainees who have hands-on installation experience, SPI Conference attendees, students of local job training organizations, and residents of Southern California who are to looking advance their careers in the Solar Industry.

WORDS FROM EMPLOYER PARTNERS:

"We look for two things when hiring. First, find the best people in the world. And second, find people who are passionate about changing the world with solar energy. GRID Alternatives and Los Angeles Trade Technical College provide us a pool of experienced, high quality candidates who not only have the technical skills to be successful in the solar industry, but also have a strong belief in a vision of a future powered by the Sun."

— Deep Patel, CEO, GigaWatt
