

Top 10 Reasons You Should Support SolarPAC!

1. SolarPAC is supported entirely by voluntary contributions from eligible SEIA members—it will only be as successful as we make it.
2. By law, associations, labor unions, and corporations are prohibited from contributing to federal candidates or national political committees; it is up to us as eligible SEIA members to make our presence known on Capitol Hill through SolarPAC.
3. Political action committees like SolarPAC are the most legal and transparent means of financial support for federal candidates. SolarPAC contributes to a diverse group of candidates—on both sides of the aisles.
4. SolarPAC helps elect candidates who understand how public policy influences the solar industry, the economy, our businesses, and the communities we serve.
5. SolarPAC enables all eligible SEIA members to join together to invest in the future of the solar industry.
6. With SolarPAC, we know our contributions have the greatest possible impact, supporting candidates who address legislation important to us, who represent communities in which we operate, and whose voting records demonstrate consistent support for our industry.
7. SolarPAC assists candidates who most need our help: those in difficult races, those key to our industry, or those who otherwise might not be able to run for public office.
8. Your contribution is combined with those of many other eligible members, so it goes further in communicating what is important to SEIA and our businesses.
9. When candidates receive a contribution from SolarPAC, they know that it represents the collective voice of the solar industry—and what could be more powerful?
10. Each new Congress brings change and a new set of challenges. SolarPAC enables us to tell our side of the story proactively on the issues that matter to us. By voluntarily contributing to SolarPAC, we are contributing to our own success and making certain our voice is heard loud and clear.
