COMMUNITY IMPACT

Lettuce Shine Solar Project Grows Lettuce Under Solar Panels

The Lettuce Shine project in Sherwood is growing lettuce underneath a 75.6 kW solar array. This project will allow the farm to keep operating even during natural disaster, providing food for the local community during crises.

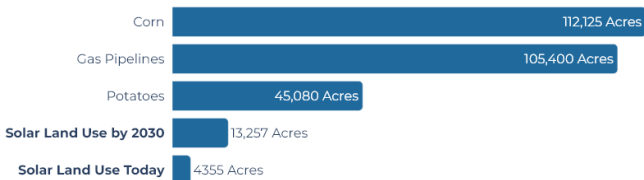

Ashland Deploys Solar Microgrid To Boost Resiliency

Ashland installed a microgrid that will help the city with energy resiliency. The solar microgrid will generate 170,000 kWh of electricity annually and help provide electricity, even during power outages.
