COMMUNITY IMPACT

Indianola Saves Taxpayers \$4 Million With Solar Project

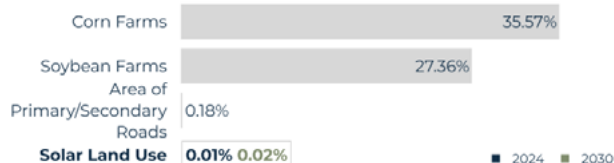

Indianola Municipal Utilities broke ground on a solar project that will power the water plant for the city. This solar array will generate 6.1 million kWh of electricity per year and save the city \$4 million over 25 years.

Greene County Use Solar to Lower Costs by \$500,000

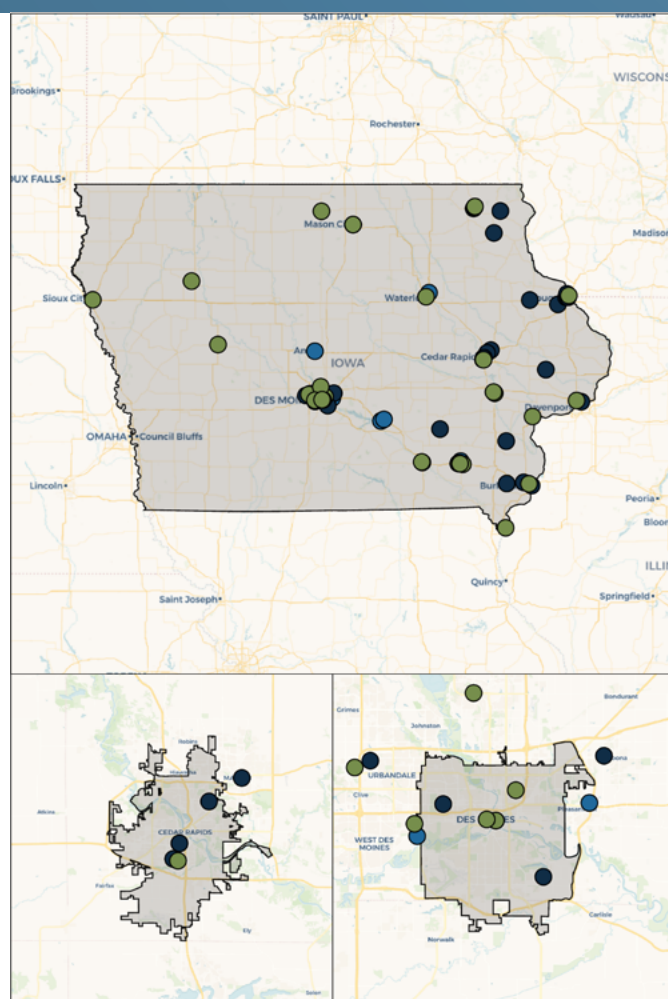

The Greene County School Board advanced plans to build rooftop solar on schools. The district spends \$500,000 on heating, cooling, and electric, and this will dramatically reduce those costs, allowing the school to spend more on educating its students.
