COMMUNITY IMPACT

Spokane Elementary School Entirely Solar Powered

Linwood Elementary School in Spokane installed a rooftop solar array that will save the district \$9,000 in electricity costs annually. The Director of Capital Projects said the project will benefit even more kids and families.

West Mason Fire Department Uses Solar for Reliable Electricity

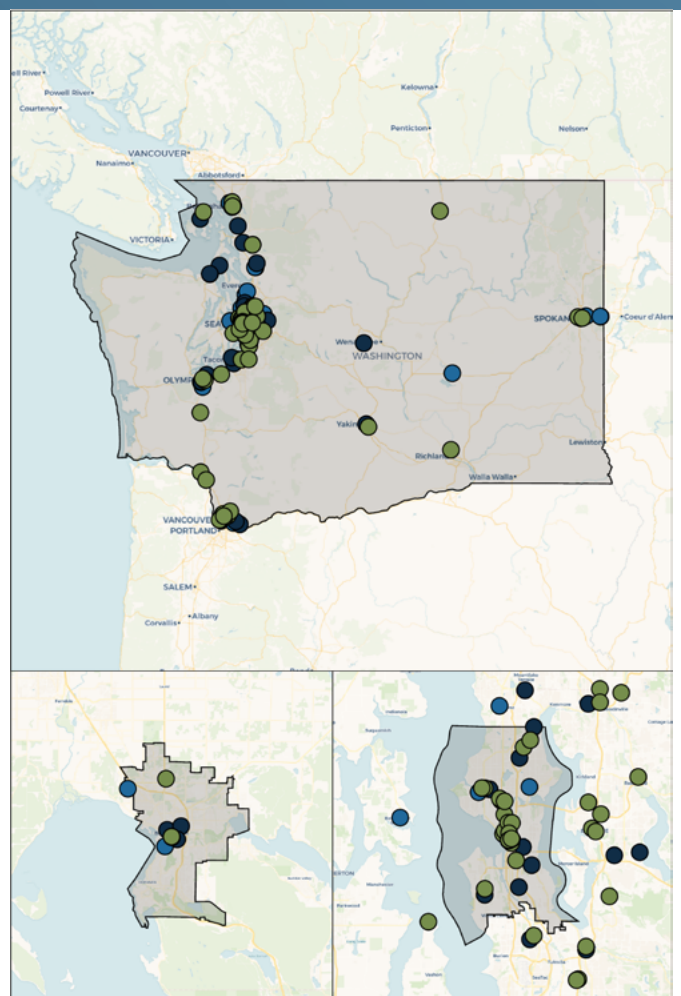

The West Mason Fire Department installed 92 panels that will cover 97% of the electricity needs for the building. This will provide the fire department with reliable backup power and also save more than \$215,000.
