## COMMUNITY IMPACT

### Auto Plant in Lafayette Runs on Solar

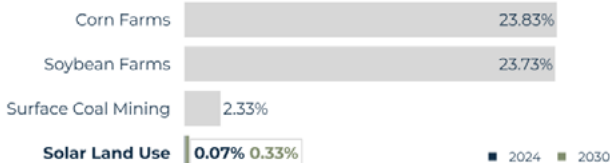

Subaru of Indiana Automotive added a 204 kW rooftop array to its Lafayette manufacturing plant. This is a cost containment strategy and will lead to long term energy savings for the auto manufacturer.

### Fishers School District Saves Thousands with Solar

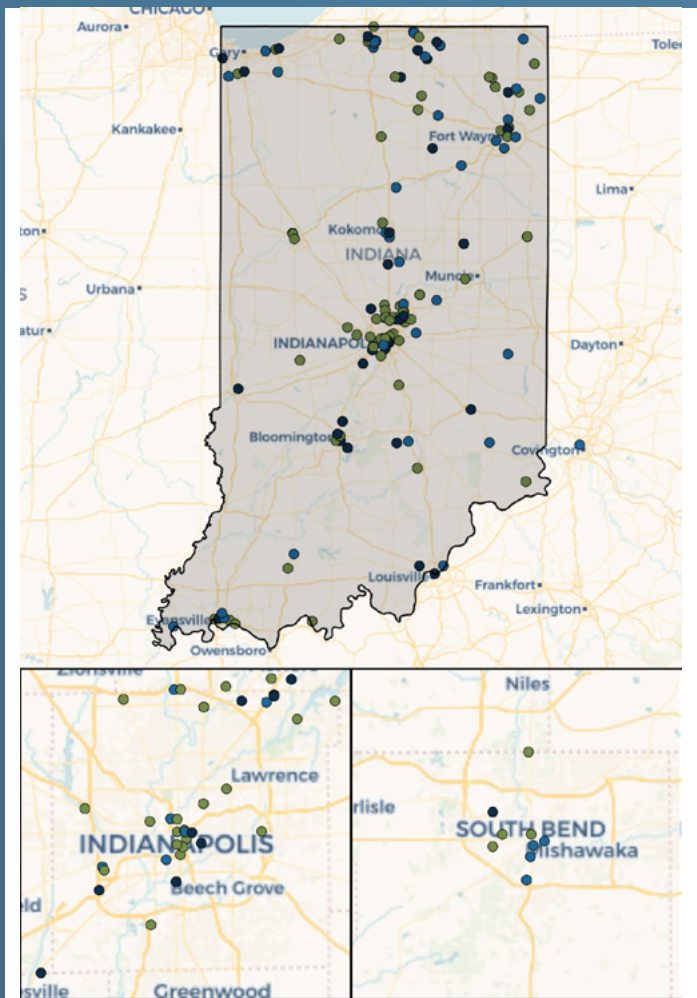

Hamilton Southeastern installed 2 MW of rooftop solar across 3 school districts. This will lead the school district, and tax payers, to save \$300,000 annually and lead to 10 years of free power for the district.
