## COMMUNITY IMPACT

### Meta Backed Solar Adds 385 MW to Louisiana Grid

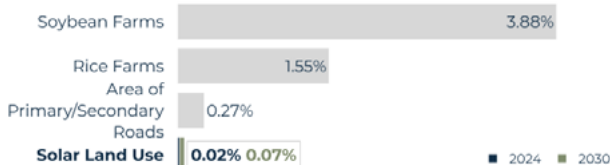

Two new solar projects will generate \$100 million in state and local taxes and hundreds of jobs during construction, are set to power a new AI data center that tech giant Meta is building in Richland Parish.

### U.S. Army Garrison Fort Polk Supported by Solar

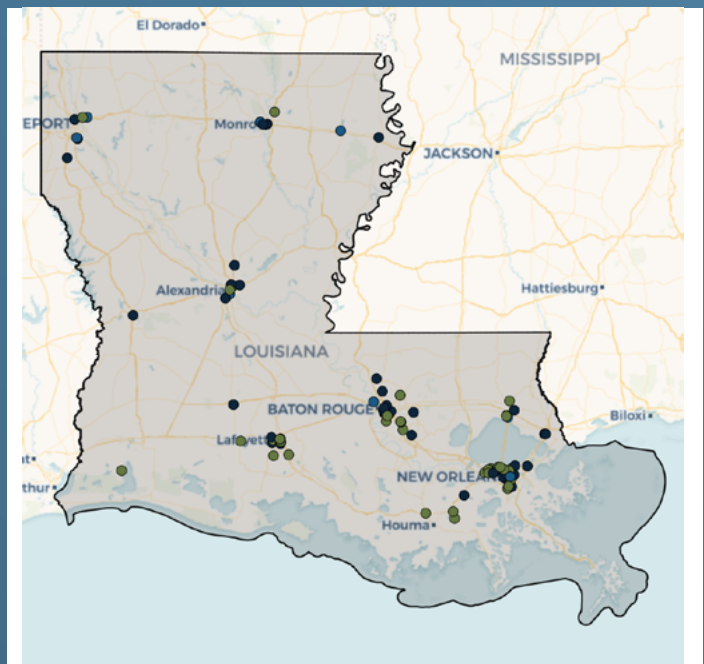

U.S. Army Garrison Fort Polk is now supported by a 13 MW onsite solar array. This will meet the electricity needs for nearly half of the homes on the base. This had already delivered over \$1 million in savings and makes the base more reliable in the case of a power outage.
