COMMUNITY IMPACT

Energy and Solutions Provider Saves with Solar

Aggreko, a local St. Louis company, installed a solar on the roof of its service center in St. Louis. This will provide about 40 percent of the electricity needs of the business, saving the company thousands in electricity costs.

Mastercard to Grow Existing Solar Portfolio

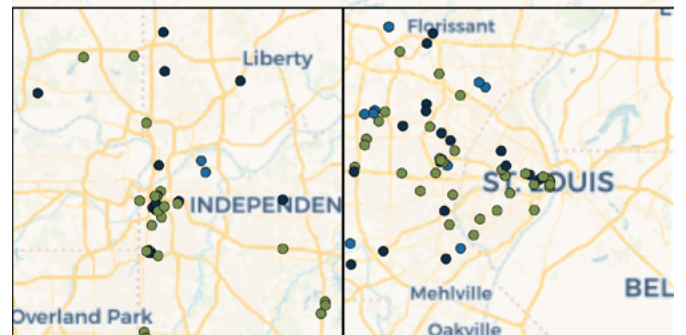

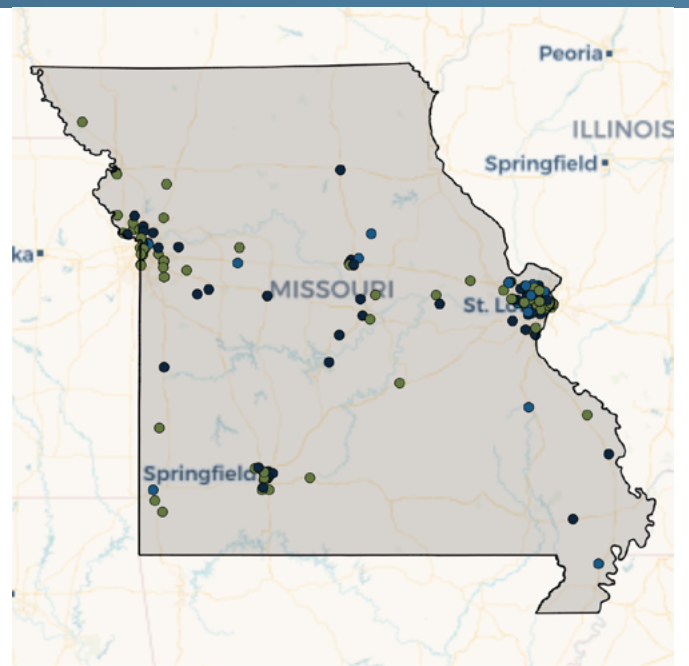

The Mastercard facility in St. Charles County is responsible for processing global transactions and running company AI programs, and is using solar for reliable, low cost electricity to power operations.
