COMMUNITY IMPACT

Atlanta K 12 School Uses Solar Canopy at Softball Field

Woodward Academy in Atlanta added a solar canopy at its softball field. This, combined with two other on campus arrays, will provide 25 percent of the electricity for the school, leading to savings for the school to spend on students.

Perry Solar Facility Combines Agriculture and Solar

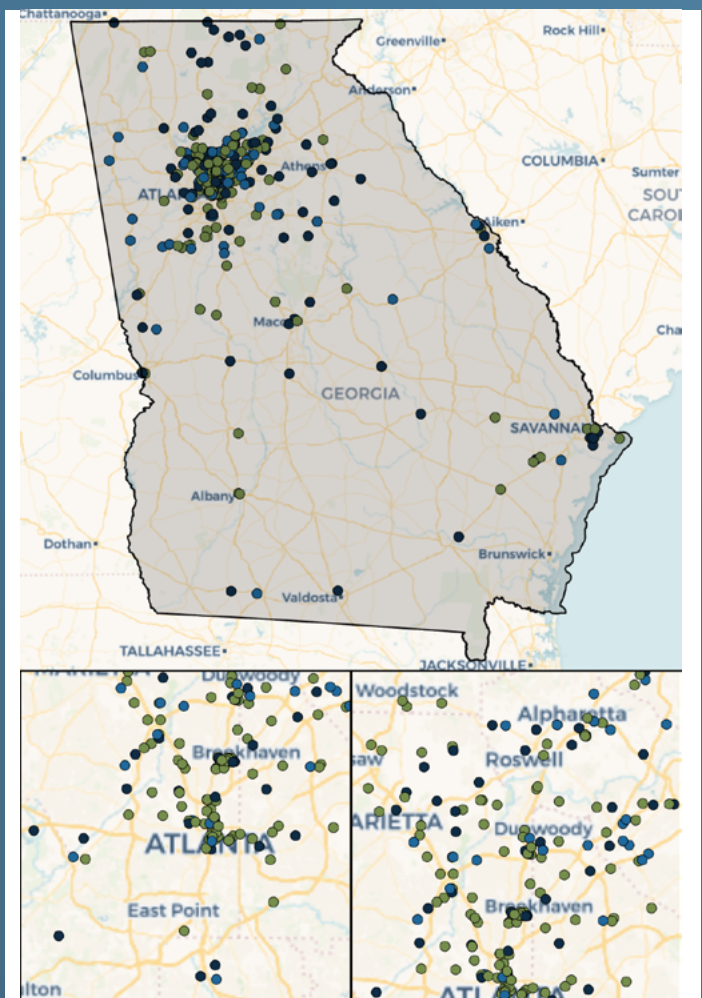

Houston Solar in Perry employs a flock of sheep to manage plant growth under solar panels. This allows the land to continue to be used for agriculture while also providing low cost energy to 11,000 Georgia homes.
